RATES FOR SANITARY SEWER SERVICE
Effective January 1, 2009 – December 31, 2009

A. Base Availability Charges

<u>1. Residential Customer Class</u>	<u>Base Availability Charge</u>
a. Apartment buildings or complexes where a single master meter serves two or more residential units	\$6.00 per unit per month
b. Single family detached dwelling units and apartment buildings where each dwelling unit has an individual water meter	\$3.50 per unit per month

2. Commercial Customer Class

<u>Meter Size</u>	<u>Base Availability Rate</u>
5/8" and 3/4" commercial meters	\$ 8.50 per unit per month
1" commercial meters	\$15.00 per unit per month
1 1/2" and 2" commercial meters	\$25.00 per unit per month
3" commercial meters	\$40.00 per unit per month
4" commercial meters	\$50.00 per unit per month

3. Industrial Customer Class

<u>Meter Size</u>	<u>Base Availability Rate</u>
2" meters	\$ 50.00 per unit per month
4" meters	\$100.00 per unit per month
6" meters	\$150.00 per unit per month
8" meters	\$200.00 per unit per month

B. Volume Charges

1. Effective January 1, 2008, the rate for all customer classes shall be \$3.05/1,000 gallons.
2. Effective January 1, 2008, and annually thereafter until changed, the volumetric charge shall increase 3% per annum.
3. Fifty cents (50¢) per 1,000 gallons of the volumetric rate charge from every customer shall be specifically dedicated to the wastewater system Capital Infrastructure Fund each month. That sum of money from the total metered sales revenue shall be transferred to the Capital Infrastructure Account for the Wastewater Department.
